

LET YOUR WATER PUMP RUN AUTOMATICALLY AND FORGET THAT YOU HAVE A PUMP.....

ARE YOU USING WATER PUMP ? THEN MANY A TIMES.....

- Tank gets overflow..... Wastage of water and electricity.
- Tank gets totally empty as you have forgotten to switch ON the pump.
- Pump runs DRY..... because Ground level tank is empty.
- You have to climb up above to the terrace to see the level of water in the tank.

..... TO GET RID OF ALL THESE..... JUST USE.....

HYDROFILL
